# Have Your Say on Oxford Street and the Surrounding Area

(17th July - 31st August 2023)

## Shape the future of Oxford Street. Share your views on the Oxford Street Programme today.

Oxford Street is a destination for cultural vibrancy and a great place to live, work and visit. We want to make your experience even better by making it a more inclusive, prosperous and sustainable high street for everyone.

We propose an enhanced public space with wider footways, better seating, more trees and other planting, attractive lighting, clearer signage and more direct vehicle routes. The Oxford Street Programme has been developed to deliver just that.

### The vision:

The Oxford Street Programme aims to *"ensure that Oxford Street is a great place for shoppers, tourists, workers and local residents through the creation of a dynamic and sustainable environment and an enhanced public realm that strengthens the global status of the street."*

The Programme includes five projects – Oxford Street, Oxford Circus, Marylebone / Fitzrovia Traffic Scheme, Traffic Changes off Oxford Street West and Eastcastle Street junction improvements. These projects will work together to deliver this vision for Oxford Street and its surrounding area.

As part of our Fairer Westminster strategy, we are undertaking extensive and varied engagement on each of these proposals with residents, businesses and visitors to Oxford Street. All stakeholder and community feedback has and will continue to be the driving force behind the design, implementation and maintenance of the programme.
